## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicants' After-Final amendment filed April 4, 2005 has been entered. Claims 4-15 have been canceled. Claims 1-3 are pending in the instant application.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a method for laser drilling a hole in a multi-layered sheet material including, drilling said hole through all the layers of the sheet using at least one laser pulse having a first energy such that an inter-layer pull-off force is smaller than an inter-layer adhesion force and, trimming the shape of said hole by at least one laser pulse having a second energy level higher than said first energy level, wherein a time interval of approximately 200  $\mu$ s exists between said drilling by at least one pulse at said first energy level and said trimming by at least one energy pulse at said second energy level.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1732
